

## Who we are and what do we do?

Bike For Good is a cycling charity based in Scotland. Founded in 2010, Bike For Good sell and service refurbished bikes, run maintenance classes, provide cycle training, and deliver community projects; all with a view to change lives for the better through cycling. See our [impact report](#) for more details.

## Why you should get involved

Cycling is becoming increasingly important to people and communities as a way of tackling the climate emergency and reducing pollution. We need to get more people cycling, especially those who live in disadvantaged communities and who are living on low incomes. Bikes for Good is about to expand significantly, launching its award winning programmes across the UK and launching new nationally accredited qualifications. There has never been a more exciting time for people who value cycling to join the Board.

## What skills and experience we're looking for *and why*

We are looking to expand our Board of Trustees to help Bikes for Good grow and develop. We are particularly seeking:

- **Secretary** to be a part of the Trustee Board. Are you organised and methodical, can you keep accurate records? You will be primarily responsible for the smooth and efficient recording of meetings of the trustee board, AGM and general housekeeping duties.
- **Trustees** with experience, skills and knowledge of one or more of the following:
  - Human Resources (HR)
  - Diversity and inclusion
  - Digital, branding and social media
  - Sales & Marketing
  - Organisational development
  - Finance director level
- **Service user** who's used our service on a long term basis - our input is valuable and you do not need board experience or specialist skills.

See our [diversity & inclusion statement](#) to be assured that we welcome all applicants from all backgrounds, and in particular, representing groups that are currently underrepresented in our organisation such as women and people of colour
